This is to humbly solicit for your financial support for one of our students. In compliance with our vision at Bible Life School, we admit students on free tuition. However, we incur administrative charges to set up the multimedia lecture facilities every weekend and we are unable to make hard copies of the study materials to these students. We request you to kindly become a sponsor to our students who may be unable to pay for the lecture materials or support the development of our study facilities in the Lokoja Study Centre. You can do this in any of the following ways:
